

Product

- Lightweight foam board with a Polyurethane foam core and high-grade, decorative cover layers on both sides
- The „cocobolo“ and the „metallic“ surface are composed of resin-impregnated cellucarton liners and a special coating
- Excellent flatness and dimensional stability
- Very strong and scratch-resistant surfaces

Processing

- Easy processing and excellent cutting characteristics with standard blades
- No crumbling of the foam core
- Problem-free application of solvent based inks and glues
- Printable through screen printing or direct-to-substrate digital printing

Formats

- **Width x Length** **Thickness**
1530 mm x 3050 mm 5 mm and 10 mm

Applications

KAPA®decor is the ideal choice for various decorative applications such as:

- Eye-catching spots for interior design, shop design and shop window decoration
- Substrate for advertising messages – partially printed or mounted
- Design of displays for POS / POP advertising
